Encl: Corrective Action Quarterly Progress Report-First Quarter 2011

Dear Mr. Nussbaum:

The enclosed Quarterly Progress Report is submitted as required by Section XI of the Corrective Action Conditions of the Hazardous Waste Management Facility Permit, Number MOD 000 818 963. Two copies of the report will also be submitted to the U.S. EPA, Region VII as required under the terms of the permit.

Please contact me should you need additional information.

Sincerely,

A handwritten signature in cursive script, appearing to read "Joe Haake".

Quarterly Progress Report for First Quarter 2011

Description of the work completed

Submitted the Groundwater Gauging and Sampling report for the fall 2010 in January.

Submitted a report in February presenting a comparison of groundwater monitoring results from samples obtained by the use of Snap Samplers and low-flow sampling methods.

Submitted a report in February presenting a comprehensive evaluation of the historic and current status of light non-aqueous phase liquids at the Boeing Tract I site.

Received approval in February from MDNR for the site wide use of Snap Samplers on eligible groundwater wells.

Closed seven damaged ground water monitoring wells in March.

Completed a draft of a focused CMS report.

Summary of all findings

None

Summary of all problems or potential problems and actions taken to rectify problems

None

Projected work for the next reporting period

Meet with MDNR to present and discuss the first draft of the focused CMS report.

Revise the draft CMS report based on comments from MDNR

Instances of noncompliance with the corrective actions of the permit

None
